

Sacramento Clean Cities Coalition

XL HYBRIDS 7/13/17 Agenda

11:30-11:45 Registration

11:45-12:00 Welcome and Announcements

Keith Leech, President, Sacramento Clean Cities Coalition

Noon Funding Opportunities & Hosted Lunch

Jaime Lemus, Mobile Source Program Manager, Sacramento Air District
Sully's Cafe

12:05-1:00 Technology Presentation

Edward Lovelace, Chief Technology Officer, XL Hybrids
Clay Siegert, Co-Founder and VP Supply Chain, XL Hybrids

XL Hybrids will display the Plug-in Hybrid Ford F150 and the Hybrid Ford transit Van and provide a technology update on the vehicles. The XL "Fleet-Ready" technology is the industry's first ship-thru upfit on half-ton pickup trucks from leading OEM. XL expects this PHEV technology will provide up to 50 percent fuel economy improvement with corresponding reductions in CO2 emissions.

1:00-1:30 Vehicle Displays

Plug-in Hybrid Ford F150
Conventional Hybrid Ford Transit Van
