The Care We Have For Our Community

Focus on underserved communities:

- Historically underrepresented in Federal Gov't and underserved by, or subject to discrimination in Federal policies & programs
- Suffer from a combo of economic, health, and environmental burdens
 - Poverty, high unemployment, social inequity, air & water pollution, presence of hazardous waste
 - High incidence of asthma & heart disease

Projects and opportunities evaluated by the Executive Committee

- Increase coordination, communication, workforce development, and engagement with CBOs

Our Values

Collaboration is
Essential

Always be
innovating

Work for the
greater good
