The Sacramento Clean Cities Coalition will provide a hosted lunch presentation, “Fleet Energy Tracking and Carbon Strategies.” The presentation will also be available by webinar. Kevin Cochran and Ryan Rogers of GreenTraks will present their energy and greenhouse gas emissions tracking and project reporting tool and provide insights into using natural gas vehicles as a part of an overall carbon reduction strategy. The presentation will feature the City of Sacramento’s pilot energy tracking program. Other presentations will include:

- Natural gas in fleet applications (Keith Leech, Fleet Manager, City of Sacramento)
- Regional natural gas infrastructure and renewable natural gas opportunities (Andrea Stephenson, Atlas ReFuel®)
- Natural gas vehicle and engine availability (Keely King, Cummins Pacific).
