Sacramento is a VW Green City!

Volkswagen's \$800M settlement agreement with the EPA calls for 10 years of investment in ZEV infrastructure, education, and activities in California. Electrify America, a VW subsidiary, launched the Green City Initiative, which will increase targeted charger locations, ZEV access, and car sharing programs in Sacramento. \$44 million in Green City funding will allow Sacramento to invest in long-term infrastructure and solutions to promote the adoption of ZEVs.

October 19
